

What Is a SAM Registration?

A System for Award Management (SAM) Registration is the first step in the process of securing government contracts. If you want to do business with the federal government, registering with the SAM and receiving your CAGE code is required.

A SAM Registration is necessary for any entity to get paid for selling to the Federal Government. Before applying and receiving any certifications, your company must have a SAM registration and receive a CAGE code. The registration is valid for one year from the date of completion and must be renewed 60 days before the yearly period ends.

At GSE, we have the **tools and know-how to help you accomplish your goals**. We're here to **expedite the SAM Registration** process and make it smoother every step of the way. Successfully selling to the U.S. government can be very appealing, but it is **daunting to take on alone**. Let us help you improve your business and bring it the much-needed revenue it seeks.
